IN MEMORIAM

IN MEMORIAM

In loving memory of my dear husband, Walter Lee Wright, who passed away one year ago today, April 27, 1957.

I watched you suffer day by day,
It caused me bitter grief,
To see you slip away.
And I could not give relief.
It is lonesome here without you,
And sad and weary is the way.
Life has not been the same,
Since you were called away.

—Wife.

Rainfall Running Ahead of Normal Here

This has been a wonderful season for just sitting around and talking about "the weather." Not too much else could be done, especially by farmers. Rural residents are quite a bit behind in seasonal work, and look daily for the overdue weather change which will give them the green light for a return to work.

As of yesterday morning, rainfall in May, 1958, was nearly half an inch ahead of all of May, 1957.

A check with W. S. Taylor, who records rainfall for the U. S. Weather Bureau here, also revealed that the first four months of 1958 were ahead about an inch and one-quarter in 1958 over the same period of last year: 15.70 inches to 144.38. However, 1957, was a wetter than normal year here, the entire year being nine inches above normal.

The tally sheet on raifall so far this year:

January	4.10
February	2.30
March	4.55
April	4.76
May (as of May 7)	2.57

The May, 1958, tabulation:

May 1 and 2, overcast but no rain.
May 3 ..... .37
May 4 ..... .92
May 5 ..... .12
May 6 ..... .88
May 7 (A. M. reading) ..... .58

Meanwhile, County Agent Jim Smith was not too pessimistic about the delay in farmwork. He conceded that corn would be late, as well as small grains, and that gardens might not be on schedule. But he declared that hay and pastures will be benefitted by the fine rains, and added that is seldom hurts to store up a good reserve of water in the soil.

The skies were clear as we go to press today, and the forecast is for gradual easing of the extended wet season.

Softball League Scheduled To Start May 13

"If the weather permits"—quite an IF these days— play is slated to begin in the Appomattox Softball League next Tuesday, May 13. The league games will be played at 7 and 8:30 P. M., at the Town Ball Paark.

There are six teams in the league, as follows: Concord, Guill's Esso, Simpson, Appomattox Garment Co., Oakville and Jaycees.

The schedule for next week:

May 13, at 7 P. M., Guill's Esso vs. Concord; 8:30, Simpson vs. Appomattox Garment Co.

May 15: Oakville vs. Jaycees at 7 and Garment Co. vs, Guill's Esso at 8:30.

May 16: Simpson vs Oakville at 7, and Jaycees vs Concord at 8:30.

Each team is allowed to have up to 18 eligible players. Deadline for signing players is June 1. Regular seazon play will continue until mid-August, followed by play-offs.

Dance Review To Show Talent

A Dance Review and a Tom Thumb Wedding will feature a program to be presented here Friday evening, May 9, by the Woman's Club of Appomattox. The program will begin at 8 o'clock in the Elementary School auditorium.

Miss Joan Beamer, instructor of the Floyd Ward School of Dancing class being conducted here, has arranged the program. Miss Beamer's pupils include: Susan O'Brien, Gray Holland, Beverlylou Davidson, Mary Yancey Spencer, Lina Trent, Toni Boyce, Vonne Boyce, Rinne Abbitt, Julia Ann Guill, Lucy Martin, Mary Lou Martin, Debbie Chenault, Cornelia Ann Guill, Jimmy Penner and Rebecca Harris.

Appearing on the program will be Lina's Twirlers. These little misses will demonstrate the art of baton twirling and are students under Lina Trent. Animal Lab For Area To Be Established Near Here

A site for a proposed new State diagnostic animal laboratory to serve South Central Virginia, has been secured in Campbell County on Route 460 near Lynchburg, and a fund drive is now under way in Appomattox, Campbell, Charlotte, Halifax, Bedford and Amherst Counties for the purpose of raising $5,500 to pay for the site, it was announced this week.

Funds for this purpose will be solicited from all interested persons. Checks made payable to the Appomattox County Lab Fund may be left at either bank in Appomattox.

The General Assembly at its past session appropriated $47,000 for the building and equipment. However, no money was appropriated for the land, thus the reason for raising the $5,500.

It is understood that this is to be one of the largest labs of its kind in the state, and will take over all the work of this area usually done at other labs in the state.

Appomattox and surrrounding counties have been in need of a diagnostic lab for a long time—previously, when the need arose, it necessitated sending specimens to Richmond, Harrisonburg, or Blacksburg. This caused a loss of time and possible risk of losing animals or poultry.

The importance of animals and poultry to the economy of this area is steadily increasing. In the past, tobacco has held the leading role as chief cash crop, but with tobacco acreage being gradually cut, more farmers are realizing the necessity for turning to livestock and poultry. A diagnostic lab in the area is seen as a step forward in that direction.

Junior Play Monday Night

"The Whole Truth," a clever comedy by William D. Fisher, will be presented by the A. H. S. Junior Class Monday evening, May 12, instead of Friday as previously advertised. The play has an excellent cast of twelve talented young people, and will afford an evening of high class entertainment. The public is cordially urged to attend and support this worthwhile school activity. Please notice the change in the date: Monday, May 12, at 8:00 o'clock.

Report on Jr. Woman's Club

Members of the Appomattox Junior Woman's Club attended a Modern Art Exhibition at the Lynchburg Art Center April 23. The paintings on display were by outstanding art teachers from American colleges. After viewing the exhibition, the group heard talks by Mrs. Jen Ayers and Mr. Hal McIntosh, art instructors for the center, on the paintings as to design and meaning.

The Junior Woman's Club was well represented at the State Convention held in Richmond in April. Delegates attending were Mrs. Kenneth Coleman, president, and Mrs. W. E. Jamerson. Other members attending were Mrs. Billy Chenault and Miss Betty Mitchell.

Plans are being made by the club to send a mentally retarded or a crippled child to Camp Easter Seal for a week in July. The camp is especially designed and equipped to accomodate mentally retarded and crippled children. Mrs. Frank McCann is local chairman for this project.

At a recent meeting of the club, members heard a talk by Delegate Earle M. Brown, of Lynchburg, a member of the Virginia General Assembly. Mr. Brown spoke on legislature handled during the recent Assembly. A lively discussion was held on some of the major issues which confronted the Assembly, following Delegate Brown's talk.

Demonstration Club Schedule

Home demonstration schedule for next week:

Monday, May 12.- Bethany Club will meet at 7 P. M. at the Appomattox Frozen Food Locker.

Monday, May 12.- Richwood Club will meet at 7:30 P. M. with Mrs. E. W. Farrar.

Tuesday, May 13.- Clover Hill Club will meet at 2 P. M. with Mrs. Claiborne Inge.

Thursday, May 15.- Pamplin Club will meet at 2 P. M. with Mrs. R. K. Martin.

House committee cuts foreign aid bill.

Cut in loan rate spreads through nation.

May P.- T. A. Meeting Tues.

The May meeting of the Appomattox High School P.-T. A. will be held on May 13th, Tuesday, in the school auditorium, at 8 P. M.

During the business session, the officers for 1958-59 will be installed by Mrs. C. L. Quarles, Director of the Lynchburg District of the P.-T. A. They are as follows:

Mr. R. V. Loffers, president
Mrss. R. K. Martin, vice-president
Mrs. James E. Beamer, treasurer
Mr. Daneel le Roux, secretary.

After the business meeting, Mrs. Madeline M. Thomas and Mrs. Lucy S. Green, of the home economics department will present a fashion show. Their students, from the 8th through the 12th grades, will model clothes that they have made during the school year.

Mrs. Richard Robinson, hospitality chairman, wishes to announce that social will be held in the cafeteria immediately following the fashion show.

Special invitations have been sent to the parents of the incoming 8th grade pupils ffrom all of the county schools. Patrons are urged to make every effort to attend.

NEW BOOK IN THE COUNTY LIBRARY

Ice Palace
By Edna Ferber.

This is an angry novel, telling of the fifty-year battle between two Ohioans trying to dominate Alaska's future. And this is the story of their lovely young grand-daughter, Christine Storm, who had to choose between two younger titans—a choice that stood, in a way, for Alaska's future. Edna Ferber has summoned up all of her natural resources as a superior novelist to depict today's Alaska in Ice Palace. Here are the territory's modern, vigorous people, its dramatic weather and scenery, its desperate, still-unfinished struggle for statehood. And here, too, are the men from "The Outside" determined to exploit a fabulously rich Alaska for their own gains.

ELEMENTARY SCHOOL CAFETERIA MENU

. . . . Mrs. Martin Webb

Mrs. Webb New President Womans Club

Election and installation of officers took place at the final meeting of the club year of the Women's Club of Appomattox Monday afternoon, when they met in the Elementary School cafeteria.

Mrs. Joel W. Flood, immediate past president of the Alice Kyle district, installed the following officers: Mrs. Martin L. Webb, president; Mrs. Mildred Alvis, 1st vice-president; Mrs. L. L. Stanley, 2nd vice-president; Mrs. Joe B. Terry, recording secretary; Mrs. E. Carroll Smith, corresponding secretary; Mrs. Charles R. Thomas, treasurer, and Mrs. W. C. Holderman, club historian.

Annual reports given by the officers and department chairmen reflected a progressive year for the club.

A gift of silver, appropriately inscribed, was presented to Mrs. Harold Y. Spencer, outgoing president. The presentation was made by Mrs. Rachel P. Lawson, past 1st vice-president.

Hostesss, for the afternoon were Mesdames W. C. Holderman, C. Lewis McDearman, E. Carroll Smith and Calvin H. Robinson.

Work Starts On Trinity Church Project

A ground-breaking ceremony was held last Sunday at 3 P. M. at the Trinity Methodist Church, formerly with, and is usually quieter on jobs that are too small for specialized power equipment. While ditches in wet places are quickly opened by blasting, this is considered the first step of the job. The side should be sloped more at a later date.

The draining of these wet fields and areas in fields will permit the use of that land for purposes that will return a good income from formerly useless land.

Vera School Honor Roll

The following honor roll has been announced for the Vera school:

Seventh grade: Hazel Almond, Joyce Gunter, Janice Gobble.

Sixth grade: Cecil Deaner, Gloria Garrett.

Fifth grade: Virginia Bryant, Gloria Reynolds, J. R. Mangerson.

Fourth grade: Dale Reynolds, Lois Morris.

Third grade: Delores Reynolds, Albert Carter, Barbara Bryant.

It's The Other Fellow

Detroit.- Eighty per cent of motorists involved in auto crashes call themselves good or excellent drivers, and 82 per cent blame other motorists for their accidents.

The figures, based on a recent University of Michigan survey, were presented to the Michigan Safety Conference.

Bruce D. Greenshields, who prepared the report, said only one per cent of motorists involved in accidents say they are poor drivers.

Drainage Of Wet Spots

By T. Ed Dickerson
Soil Conservationist

Farmers in Appomattox County are making considerable progress in draining the wet areas on their farms. There are many farms with areas of various sizes that are too wet for economical use as they are, but when drained are highly productive.

The Robert E. Lee Soil Conservation District is assisting farmers by designing and laying out the drainage systems.

Among the farmers who have recently used open ditches to drain wet bottoms for crops are Mr. F. O. Jones, Elliott Terrence and W. C. Paulette.

Most of the open ditches have been blasted with ditching dynamite. This takes very little labor to start with, and is usually cheaper on jobs that are too small for specialized power equipment. While ditches in wet places are quickly opened by blasting, this is considered the first step of the job. The side should be sloped more at a later date.

The draining of these wet fields and areas in fields will permit the use of that land for purposes that will return a good income from formerly useless land.
